

Coach Education Report – September 2020

UKCC Assessments

British Rowing are piloting online assessments if they are successful then all assessments will be able to take place online. Any questions regarding the Level 2 please let me know.

UKCC Level 2 Coaching Course

There has been a lot of enquiries regarding the course. As soon as we are allowed to deliver the course in the region we will look to run a full level 2. We are still waiting for confirmation from UKCC and BR.

GB Rowing Diploma in Sporting Excellence

Four Junior athletes have just graduated from the diploma. Ellie Hall, Harry Anderson, Jemima Furness and Molly Dowson. Three of these athletes needed the Diploma to gain acceptance into their chosen University. Can I just thank the coaches who supported their athletes for the last two years.

This year's cohort is just being finalised but it looks like the region will have seven new athletes join the programme on top of the four athletes that move into their second year.

Women's Development Days

The new look days will hopefully be launched soon so continue to support the development of female athletes and their coaches in the region
