

Northern Rowing Council – Coach Educator Report – November AGM

British Rowing Education and Training Team Update

Following the funding cuts and restructure of the Education and Training Team. The current team at British Rowing is as follows:

Sarah Harris: Head of Education and Training (1.0)*

Elaine Murphy: Office Manager (1.0)

Tim Messent: SCT Programme, Indoor Rowing Programme and current projects. (1.0)

Sarah Ockendon: Coach Educator Workforce and current projects. (0.6)

Persephone Wynn: Strength and Conditioning and Level 3 project officer (0.6)

*The figure in () denotes the post holders Full Time Equivalent hours.

Regional roles and responsibilities of the NCC Representatives

Due to the restructure of the E+T Team the role and responsibilities of the regional NCC representative has changed

- Represent your region at three National Coaching Committee meetings to be held annually in September, December and March; and if not able to be present to arrange for a deputy to attend.
- Ensure there is an effective two way communication channel between the committee and your region, feeding back their region's requirements to inform future strategies and supporting programme development.
- Initiate and chair a minimum of one regional coach education meeting every year involving all coach educators and the region's BR appointed Internal Quality Assuror (formerly known as the Internal Verifier). This meeting is a QA requirement for the UKCC standards. A key outcome of this meeting should be that there is an agreed rolling 18 month coach education programme that can be sent into the BR Education & Training team for inclusion on the web and to help plan the annual workshop programme. Minutes of this meeting must be sent to the IQA Team Leader.
- Each year advise the BR Head of Education and Training, of two or three regional events (races or regional conferences), where a member of staff from across the British Rowing Directorates could attend to seek feedback from the rowing community and promote British Rowing activities, including education and training opportunities.

- Work alongside BR Staff and the Regional Rowing Council Secretary to develop a regional coaching network.
- Ensure the Education and Training Team Administrator has a current list of suitable venues for the workshop programme and help secure required equipment where necessary by liaising with clubs.
- With the regional IQA, consider any gaps or succession planning needed in your coach educator regional team and liaise with the Head of Education and Training to recruit educators.
- Promote forthcoming conferences, workshops, opportunities and awards to the regional community.
- Represent their region's coaching community at their regional council meetings

Northern Region Coach Education Team

The current coach education team stands as follows with Angelo Savarino stepping back as an assessor.

Tutors

Eddie Bryant, Kate O'Sullivan, Phil Tully and James Andrews

Rowing Leader	Tees	7	November
SPC	Tyne	12	March
SPC	DARC	12	May
SPC	Tees	9	November

Capsize	Bishop Auckland	10	September
Clean Sport 1	Durham School	26	September
Clean Sport 1	DUBC	16	September
Clean Sport 1	DUBC	6	November
Clean Sport 1	NUBC	60	October
Clean Sport 2	DUBC	35	September

Internal Quality Assurers (IQA)

Pam Walton is now the IQA for the Northern Region

Future Plans for 2018

Northern Rowing 2018 Course Timetable

Coach Education delivery timetable for 2018 and 2019 is being finalized and will hopefully be published in the next two weeks

Coach Mentoring Scheme

Coaching Mentoring Scheme is in its early stages of development on the river wear across the colleges and clubs, more information to follow.

Volunteer Recognition

Volunteer hour logging and recognition. Using a Nationally recognized qualification body we are looking at with Durham University how individuals who volunteer are able to log hours and gain official recognition for the amount of work they complete – More information to follow.

Workshop Program

We are looking at developing our own workshop program that will be able to be delivered using experts in the region. For example rigging and planning a training program etc.
