Subject: Long Distance Sculling Series

Dear All,

It is with great regret I write to let you know that I will be unable to run the sculling series this year or in consecutive years. My business partner has informed me that he is retiring in September and there are many aspects of his job that I will have to take on. The result is that I will not have the available time to organise the sculling series.

I am of course happy to train any successor and help as much as I have time to initially.

Kind regards

Sarah Smith
