

LDS Team Report

for NRC Executive Meeting 10th April 2019

No meetings of the team have taken place in the past 3 months. The next meeting is expected to take place towards the end of June although we do expect to be progressing general preparation in the meantime.

As per NRC February minutes the series contact details have been changed with BR to go to lds@nerowing.com.

2019 Series Organisation and Victor Ludorum

No suggestions/comments received since the February NRC executive meeting. As a reminder we are considering ways to manage entry numbers to stop the “fastest finger first” entry lottery. Also we are considering potential changes to the Victor Ludorum rules and possibly the dropping of the series VL prizes if it cannot be made to operate in a meaningful way.
