

Rec. Rowing Report for NRC – 19<sup>th</sup> April 2021.

Pamela Walton

Since last meeting the following has taken place.

1. 25<sup>th</sup> March Rec Rowing Webinar, titled Recreational Rowing for Fun, Fitness and Friendship, soon to be on British Rowing website. Over 120 people were online which is one of the best turnouts for a B.R. Webinar. It covered a whole plethora of what Recreational Rowing means to rowers. I did a piece with video from the Talkin Tarn Blindfolded skills Sunday League.
2. For dates for the diary of a wide variety of tours go to <http://www.recrowing.org.uk/> . Possible staycations for the Rowing fraternity.
3. The Rec Rowing group can now host webinars for any clubs that would like to run tours as a money-making venture using stable boats and the hire of the “Charles Stanley” boats is always open. Currently they are being used by clubs to run L2R courses with the support of a qualified coach to increase smaller clubs’ numbers.
4. Can I have help from the Committee/Secretary in obtaining club contacts for either Rec Rowing or L2R.
5. Sunday League – I/We a small group of us are wanting to run Sunday League but on a different system, I will explain in group, but this is in its infancy and has very much thrown the rule book out of the boat to engage a wider audience that just L2R or Rec Rowing, lets make 2021 the season of Fun, fun, fun and some cake.
6. Next Zoom meeting of Rec Rowing Committee is on 23<sup>rd</sup> May. We are very much embracing Zoom meetings finding we can get more done.
