

## **Northern Rowing Council**

**Online meeting of Executive - 1 February 2021**

**Report of Competition Coordinator – Catherine Bowman**

### **2021 / 2022 – Rowing Events**

Covid is causing huge disruption and with the regatta season due to start after Easter. Not really sure how the regatta season is going to pan out and how clubs are feeling about holding regattas. Something to chat through with club event organisers as and when we know when BR will let the break off for us to run events.

### **2022 / 2023 – Rowing Events**

British Rowing are keen to get provisional dates in the diary and I have attached is a first draft of provisional dates for our area. The next stage of this is to get club and event organisers approval of these dates and then submit to BR.

### **National Events**

Presumably these will be key events and the first ones to run after lockdown. There could be some clashes of events.

Fingers crossed some events will happen this year.

Kind Regards

Catherine Bowman
