An analysis of the NRC grant shows the following

Year	Funds available	Grant offers made	% of funds allocated	Grants actually paid	% of funds paid out
2016	£6,000	£3898	64%	£2,125.50	35%
2017	£6,000	£2,630.60	44%	£1,363.10	23%
2018	£6,000	£4,383.44	73%	0	0%

In the last 3 years, all grant requests have been awarded but never more than 75% of the £6,000 has been allocated to grant requests.

In the last 3 years, never more than 35% of the £6,000 has actually been paid out.

Does this indicate that clubs really don't need support in training members? Should the Committee consider if there is a better way of targeting these funds to the region's rowing community?
