

## Northern Rowing Council Para Rowing

- 1) Tees Rowing Club athlete Lucy Radley successfully completed the EY-Parthenon Ringvaart Regatta on 22<sup>nd</sup> May in the Netherlands, the race was 100kms and she completed the race in a time of 12 hours and 2 minutes, and is already looking forward to next year's race where he aims to finish in under 12 hours, this is an outstanding achievement for a para rowing and certainly deserves congratulations (as an aside her first long distance row was the Great Tyne Row which started her onto this path)
- 2) Tees Rowing Club are set to welcome a new para athlete this week at the club to be coached by Greg Beswick
- 3) Gateshead Rowing Club continues to grow and increase their membership, currently the club is concentrating on the fun side of rowing and are continuing to get help from Mick from Tyne Rowing Club, a great example of the support out there in the rowing community
