Durham ARC - 27 January 2019

Questions and 2019-20 dates for Competition Review session – Colin Percy

1. Have we got the dates and timings (and numbers) of competitions right, noting emergence of new ones over the last few years? But can they be changed?
2. Is too much squeezed into the day at some events? What can be done on the day to ensure a prompt finish?
3. Or should some events restrict numbers more? If so, how?
- [4. We asked for number of crews and the number of events]
5. Should some competitions change to having a strong or stronger emphasis on certain groups, e.g. juniors or masters?
6. Should we be looking to introduce new types of competition (within the existing affiliated structure or alongside it) within the region?
7. Any comments on the new competition framework system (with new style points and banding)?
8. We have a shortage of umpires. How can we encourage more people to umpire?
9. Any other issues?
