#### **Northern Rowing Conference Report:**

Myself and Colin have started planning the 2021 conference. Currently two conferences are being discussed, one focusing on club development and the other on athlete development. I am also working on a plan B in case Covid-19 prevents the event going ahead.

I am putting a survey together to send out about the 2020 conference, hopefully this will be ready to roll out in the next few weeks.

Any feedback from the council about the 2020 conference or, ideas for the 2021 conference would be greatly appreciated.

I will have the full report ready for the next meeting.
