

Report back to NRC committee for meeting March 21st 2016.

The first round of the Explore Series (formerly the Sunday League) took place and was very successful, on Sunday March 6, 2016.

Reviewing the day underlined the following rule of which clubs will be notified:

Scratch crews/other entries will not be allowed on the day.

Berwick will be encouraged to attend the next Explore event (2nd April), if not to participate then at least to watch, Gabrielle suggested that their leader Chris be partnered with someone with experience to see how the event runs though it is noted that Berwick are used to running their Trade 4's event which is similar and a lot bigger than any of the Sunday Leagues.

Gabrielle has emailed clubs to ask for ideas of inter-club rowing or other social events and has offered to help promote/organise them.
